EXPERIENCE

2022 - 2023

Content Writer: Farashti Magazine

As a content writer at Farashti Magazine, I have developed exceptional and engaging content that reflects the magazine's vision and serves its audience. During my time here, I focused on the following:

Writing in-depth articles covering a variety of topics, including lifestyle, health, and beauty. Implementing search engine optimization (SEO) strategies to increase article visibility in search results, which contributed to a significant increase in website traffic.

2023 - 2025

Site Supervisor: sarapopfit site

As the site supervisor at sarapopfit site, I was responsible for managing and regularly updating the programs available to subscribers. During my time here, I focused on the following:

Adding new and updated content to the programs available to subscribers, which helped enhance their experience and increase their engagement with the content.

Providing guidance and support to subscribers by responding to their inquiries and assisting them in effectively using the programs.

2022 - 2023

Software<Volunteer>: Informa

Volunteer at Informa Team at the Faculty of Computer Engineering, University of Aleppo I performed technical and software-related tasks, including downloading and installing programs for various faculties.

EDUCATION

2020 - 2025

COMPUTER SCIENCE, ALEPPO UNIVERSITY

Fifth Year of Computer Science

GPA: 86% grade.
